

Policy for Sourcing, Procurement and Purchase of Precious Metals and Metals.

- Luma Wire Tech AB certifies that it has definite sourcing policies related to all of our activities of metals purchaser procurement as listed below.
- Luma Wire Tech AB never buys or procures any precious metal or metal that is produced or refined in any country where their minerals or derivatives thereof are defined as "Conflict Minerals".
- Luma Wire Tech AB require document type: CMRT, Conflict Minerals Reporting Template from direct suppliers' smelter that are validated by an independent third-party audit program.
- If a supplier does not have a conflict-free sourcing policy, Luma Wire Tech AB will ask the supplier to create one and initiate a conflict-free mineral program.
- Luma Wire Tech AB never engages in any trade of any metal with any company which produces and/or handles "Conflict Minerals".
- Luma Wire Tech AB never engages in any partnership, support, participation and/or contact with any party which has relationship and/or association with "Conflict Minerals".
